Summer Bargains

Sum Are Not

But This One Is

Have a corner 47x120 feet improved with a good building within a stone's throw of the 12-story Mills building which I will sell now for \$20,000 and make terms. This property is easily worth \$25,000 today and in 5 years ought to sell for \$50,000, for corners in the downtown district are scarce articles at any price. There are only a few of them that you can buy at all. Get busy on this; don't wait until the other fellow has bought and then come around and say I wish I had known it was for sale.

ALPINE MAY CONTEST SCHOOL LAND RULING

Returning Students Enter-
tain; Large Attendance
at Normal.

Alpine, Tex., June 17.—The ruling of assistant attorney general Dale, advising that a second complement of school land is not subject to proof of occupancy from the time the original tract of the purchase was bought, but from the time the complement is acquired, will probably be contested here.

The return of the young people of Alpine from school has given occasion for much entertaining. Miss Lillie Young entertained a large crowd of friends on the Newton lawn. Miss Ruth Weakley was hostess for the members of the Sans Souci club and a number of guests, honoring Miss Mary Lee Hayes, who has gone to her home in Mineral Wells. Misses Griffith, Lois Weakley, Nina and Jane Taylor, Sewell, Smith, Hayes, Haines, Gillett, Viars, and Jones, of Fort Davis, attended.

The Knights of Pythias gave a watermelon supper at the Garnett house, complimentary to their wives and sweethearts.

Mrs. V. M. Bass, assisted by her pupils, gave a musical recital at the Luthy & Co. piano hall.

At a meeting of the city council a committee composed of the ministers of the different churches of Alpine asked for an ordinance closing all pool halls in Alpine on Sunday. Ordinances fixing the fiscal year, defining the duties of the city tax collector and assessor and creating a board of equalization were adopted.

One hundred students are attending the Alpine summer normal. Teachers

and students are here from all parts of Texas and from some outside points.

The school trustees have added a department of music to the public school and Mrs. V. M. Bass was elected as principal. Already 40 pupils have enrolled for the coming year.

Mrs. Leona Dugan and Miss Ellen Bell, of Sabinal, are attending the summer normal. Mrs. Dugan is a sister of Mrs. Jim P. Wilson, manager of the Alpine Mercantile Co. of this place.

Mr. and Mrs. L. B. Rabin, of Tucuman, N. M., are visiting his parents, Mr. and Mrs. W. H. Rabin.

The next annual camp meeting at Skillman's grove will begin July 20 and continue for seven days.

Mrs. Mary Shannon, Miss Lorena and James Shannon, and Prof. H. B. Griffin, of Marfa, Misses Fannie Smith and Mary Watts, of Beaumont, and J. M. Delaney, of Cuero, are here to attend the summer normal.

Miss Jessie Gourley and Mr. and Mrs. J. I. Gourley, of Marfa, are the guests of Mr. and Mrs. Allen Walton.

Mr. and Mrs. Chas. O. Stillwell have moved to Fort Stockton, where Mr. Stillwell has a position with the Texas Rubber Co. of Marathon.

George Blackburn and Miss Cecil Wade were married at the residence of the bride's parents, Rev. H. B. Atwood, pastor of the Baptist church at this place, officiating.

The infant child of Mr. and Mrs. John Young secured a piece of meat that was part of a pig and in attempting to swallow it a piece lodged in the baby's throat. It was dislodged, but the child's throat is very sore.

A CHAUTAUQUA FOR CLOUDCROFT

No Reason Why Texans
Should Go to Colorado.
Cloudcroft Notes.

(By Mrs. W. S. Tilton.)

Cloudcroft, N. M., June 17.—The Texas-Colorado Chautauqua is held in Boulder, Colo., every year, but there is no earthly reason why Texas people should go to Colorado. We have Cloudcroft right at our door. Cloudcroft is far ahead of Boulder in every way; it is much cooler here and Boulder has quite as much rain as Cloudcroft. Boulder has only trees that have been planted by hand, while Cloudcroft is a magnificent forest of pines. There is a beautiful pine studded canyon, which nature created purposely for a summer school, that has been named Chautauqua canyon, so it is all ready, and with an addition of an assembly hall and a few tent cottages, we could have all the educators of the southwest at Cloudcroft every summer.

J. H. Shrim and R. E. Allen, of El Paso, are doing Cloudcroft and the surrounding canyons, on their motorcycles. They made the trip from El Paso to Alamogordo in six hours, and from Alamogordo to Cloudcroft in eight hours. They brought their kodaks along and took pictures all the way.

Dr. H. H. Gaudin, of Alamogordo, is up for a couple of days.

R. Steyman and daughters and two boys have returned to Cloudcroft from Juarez. They are having a delightful time and the whole family are enthusiastic horseback riders.

The R. Silberberg family and M. Gonzales have gone to the Indian reservation for the day.

Mrs. Walter Quebedeaux has as her guest, her aunt, Mrs. L. M. Quebedeaux, of Austin.

Rev. M. Egan, of Alamo, came up yesterday to make arrangements for holding services here on Sunday, the 19th, at the home of Dr. and Mrs. Herbert Stevenson.

Mrs. D. C. Kinney and children are comfortably located in one of the Brickholmer Pines.

Miss Minnie Rapp, of Osage City, Kas., Judge and Mrs. J. H. Buck, of Pecos, Texas; Mr. and Mrs. H. H. Lewis, of Silver City, and L. S. Hawley, of Denver, Colo., are all new arrivals at the Lodge.

Mrs. Mary Patterson and little son are guests of the Lodge.

George W. York, secretary of the Berrendo Irrigated Farms company, and head of the department for Otis & Hough, the Cleveland brokers, who financed the purchase of the Milne-Bush tract and bought the Roswell electric light plant, is here for a week on company business.

R. H. Croxon of El Paso, formerly a resident of Roswell, is making his headquarters here temporarily while working in Pecos Valley towns.

The contract for building the new hall of the military institute has been let by the board of regents to the Milne Furniture company, the figure being close to \$3000.
